COLCHESTER TRAVEL PLAN CLUB WEBINAR

Secure Cycle Parking in Colchester

How Spokesafe is making cycling easier for Colchester businesses and their staff

Who is Spokesafe?

Our mission is to make active travel the default choice for inner-city transport. We do that by making secure cycle parking simple to find, book and use - for everyone, whether you cycle every day or just occasionally.

Secure bike parking

High-usage cycle parking in key destinations - train stations, city centres, leisure venues.

Book in seconds

Every space bookable and accessible via the Spokesafe app. No keys, no fobs - just your phone.

Here whenever you need us

Our UK-based team is available 24/7 - day, night, weekends and bank holidays. Whether you're a first-time cyclist or an experienced commuter on a late shift, we've got you covered.

Voices from Colchester

What Secure Bike Park members say:

The facility is great, I am so much happier to leave my bike in the city centre now, before I was just paranoid to leave it for any length of time."

- Secure bike park member

I really love the Spoke Safe facility, it has been a real game changer for cycle parking in Colchester. I've got a couple of expensive e-bikes and I am a lot happier when using the hub knowing that they are safe and secure. I wouldn't want to go back to parking my bike out in the open."

Why It Matters for Your Business

Encouraging staff to cycle isn't just good for them - it's good for you

Staff wellbeing

Regular cycling reduces sick days, lowers stress and raises energy - good for productivity and morale.

Bike security = more cyclists

One of the biggest barriers to cycling to work is the worry about leaving a bike unattended. Our secure facilities remove that worry entirely.

Easy to sign up

Staff book by the day, week or month via the free Spokesafe app - no admin burden on you.

Sustainability credentials

Every cycle trip is a car trip avoided. Measurable progress on your green travel plan.

Corporate memberships

Ask us about dedicated or pooled memberships for your staff - a low-cost employee benefit.

Works for all shift patterns

Our Colchester services are accessible across a wide range of hours - and the 24/7 helpline means support is always available, even for early starts or late finishes.

How Staff Can Get Started
